QUALITY POLICY STATEMENT

Barbé Srl's Quality Policy is based on the following claims:

1. Customers and Stakeholders are very much valued. Their satisfaction – which is constantly measured – is paramount and makes the framework within which company's policy and management are performed.
2. Suppliers are a vital component of the organization's production process.
3. Risk-Based Thinking is applied in order to assess and control processes and to pinpoint Stakeholders' expectations.
4. Barbé are committed to creating and spreading a Culture of Quality within the organization.
5. By data monitoring and assessment, the organization is committed to continuous improvement throughout the business.
6. Quality Policy, targets and system effectiveness are regularly assessed, as well as on the occasion of the annual Management Review.
7. Respect for the rule of law is ensured.
